## Company Information

IDEATIVE Product Ventures was founded in 2002, focused on development of unique products for the home and office. IDEATIVE's current portfolio includes products in the consumer electronics and home hardware categories for world-wide markets. IDEATIVE sells at competitive wholesale pricing to retailers and distributors, and provides warranty service for all products. Products are manufactured and sold under IDEATIVE's brand name and the brands of nationally recognized partners.

IDEATIVE's success lies in its innovation and rapid development. Working with select partners in engineering, prototyping and manufacturing, IDEATIVE has taken products from concept to production in as little as six months.

IDEATIVE is a veteran-owned small business with broad customer experience, including:

- State and Local Government
- FBI and Law Enforcement
- US Military
- Telecom
