

Socket Sense™ - Surge Protector

Fully Adjustable Surge Protector

Socket Sense™ is the surge protector that handles all power adapters with ease. Simply expand or contract the movable sockets to adjust for the best fit. Expand the sockets for bulky power adapters - contract for regular AC plugs. Combine expanded and contracted sockets when both types are required. Socket Sense is the new standard for home and office surge protectors.

Features and Benefits

- Sockets Adjust to Fit Any Power Adapters
- Sockets Never Blocked by Power Adapters - Guaranteed
- Cable Management Channels
- Keyholes for Wall Mounting
